2018-2019

## EXPERIENCE

### CodePlayer – HTML5, CSS3, JavaScript

<https://github.com/KashafM/CodePlayer>

- Actively runs HTML5, CSS3, and JavaScript code when user enters code in designated text area
- The code is executed and the output is shown live on screen through the use of Jframes

### Weather Scraper – HTML5, CSS3, JavaScript, PHP

- Project takes weather information of a city taken by user-input from a weather-forecasting website
- JavaScript validation is implemented on user input using regex

## SKILLS

- HTML5
- CSS3
- JavaScript
- PHP
- Bootstrap

## VOLUNTEER EXPERIENCE AND EXTRACURRICULARS

### RU noted, Ryerson University

Peer Note-taker

May-June '19

- Consistently uploaded organized notes to create an accessible learning community at Ryerson
- Helped Ryerson students with disabilities to complete their set of notes

### AMJ Community, Richmond Hill

Mentor/Tutor (ages 7-15)

Sept '15 - June '17

- Routinely assigned, checked homework and marked tests to make sure youth are performing to the best of their ability
- Organized and presented informative and engaging presentations for youth

### TETRA Case Competitions

Mar 2019

- Used creative and innovative thinking to come up with a solution to a medical problem pertaining to making sheet music more accessible to blind musicians
